QUALIFICATION SUMMARY

Driven by a lifelong fascination with technology, I've naturally progressed towards a career in Software Engineering with core focus in Front End Web Development. I have been driven toward technology since my youth and always wanted to make technology easier for end users. My multilingual background and fast-learning nature allow me to excel in collaborative environments. I look forward to leveraging my strong foundation in HTML, CSS, and JavaScript, along with expertise in React, to build engaging and user-friendly web applications. With an ongoing pursuit of an Associate's Degree in Information Technology/Software Development and a demonstrated ability to tackle new challenges. I am eager to contribute my skills and enthusiasm to your team.

- Leader

PROFESSIONAL EXPERIENCE

RTS Associate

Amazon Durham, NC

11/2023 - Present

- Communicate and debrief with delivery drivers to identify and re-route undelivered packages.
- Collaborate with various departments to ensure that undelivered packages are scanned and routed to the right internal location ensuring 100% delivery rates and customer satisfaction results.
- Control and create a synchronized inventory flow for packages received then resolve any issues and solve problems to guarantee a quick turnaround rate between internal team and driver.
- Organize and arrange all equipment to establish a smooth shift transition to limit errors.
- Inspect remaining and unclaimed packages and troubleshoot using handheld devices to keep inventory moving.
- Inspect all products to make sure they meet quality standards and company requirements.

Fulfillment Associate

Amazon Durham, NC

06/2021 - 11/2023

- Received and prepared inventory for daily delivery.
- Utilized internal technology to include smartphones and handheld devices used to sort, scan, and prepare orders.
- Identified prompts on internal routing screens and follow appropriate directions to complete required tasks.
- Prioritized tasks effectively, ensuring timely completion and delivery.
- Coordinated daily truck deliveries both incoming and outgoing to ensure all inventory is processed accurately.

Security Officer Securitas Security Services

Durham, NC

01/2021 - 05/2021

- Responsible for securing building access to all visitors and employees.
- Conducted security checks every hour at designated locations on the property.
- Responded to and managed all emergencies and completed follow up documentation.
- Completed daily logs and reports for appropriate management and property contact.
